Dear Hadyn,

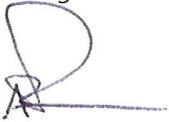

On behalf of the Management Team of the StartUp Business Development Program Inc, I would like to offer our sincere thank you for your support with our Regional Development Australia Fund application lodged in May of this year.

Your contribution of the legal services and to the advice on the contract documentation was an integral part of us being able to bring the whole application together in a most efficient and professional manner.

With your support on this, you have at the very least, contributed to giving a truly exciting and groundbreaking social enterprise a possible future of guidance and support to local businesses, and the broader community.

Whatever the outcome of the funding application, we look forward to a continued and strong relationship with you, well into the future.

Best Regards

Adam Roberts

Secretary

StartUp Business Development Program Inc.
